INTERNAL AUDIT SERVICES

Working with ACS Consultancy Group for your Audit

Being an Approved Contractor means that you are part of a scheme which is a universally recognised hallmark of quality for suppliers of private security services. The scheme was introduced to raise the standard of security companies and will put you ahead of your competitors.

We have a 100% success rate in achieving the ACS status on behalf of our customers.

WHAT DOES SIA SAY

“Approved contractors are demonstrably committed to customer services and the compulsory licensing of their staff. This means their customers can rest assured that every private security operative deployed on their premises will be working within the law”.

WHY CHOOSE SAFE-CONTRACTOR ?

The SafeContractor Scheme looks at your health and safety documents and procedures to make sure they meet a certain standard. This shows your clients and potential clients that you take health and safety seriously.

SafeContractor is the fastest growing health and safety accreditation scheme in the UK.

WHY CHOOSE THE SIA APPROVED CONTRACTOR'S SCHEME?

Working with ACS Consultancy Group for your SIA Approved Contractor's Scheme

We are committed to deliver exceptional client services. Clearly, that means delivering a robust, high-quality and transparent audit. It also means creating value from our audit. Whether the owners of the business are institutions, private equity firms, or individuals, our audit will provide value and trust.

Audit specialists

- **We invest heavily in our people, both partners and staff. We ensure that they have the skills and the experience to deliver quality audits. We also demand that they take the time needed to properly understand you and your business. Every business is unique and faces a unique set of circumstances. It is only by understanding that, that we are able to deliver exceptional client service.**

ISO 9001:2015 (QUALITY MANAGEMENT SYSTEM)

Why choose an ISO 9001 Quality Management System?

ISO 9001:2015 Quality Management System Standard, is an internationally recognised quality standard which is increasing numbers of businesses demand from suppliers and contractors as a prerequisite to tendering. It is rapidly becoming the most important quality standard. Thousands of businesses in over 150 countries have already adopted it, and many more are in the process of doing so. ISO 9001 is appropriate for any organization that seeks to improve its operation, regardless of its sector or size.

CONSTRUCTIONLINE

Constructionline is the UK's largest certified pre-qualified database.

Constructionline is the UK's largest certified pre-qualified database. It is used by local authorities and aims to improve efficiencies for buyers and suppliers in the construction industry. Construction line is the UK's largest Government-owned register of contractors and consultants for the construction industry. Organisations using Constructionline to select quality suppliers. it's a great tool to promote your services and gain new work opportunities.

CHAS Scheme

CHAS is a pre-qualification scheme that allows local authorities and other organisations to determine that you have the minimum standard required under the Scheme.
